

# Printing Data

Dear customer,

to guarantee a trouble-free process, we kindly ask you to process your printing data according to the here listed requirements and to submit them to us 20 days before start of exhibition at the latest. Thank you in advance!

## 1. Document Colors

Please use **CMYK** and not RGB for your data.

## 5. Safety Distance

Content should be placed at a distance of at least **20 millimeters** from the edges of the trimmed size.

## 2. Corner/Cut Marks

Export files **without** corner or cut marks.

## 6. File Format

We can edit the following formats:  
**EPS, TIFF, JPG, PDF, AI**

## 3. Resolution

Minimum **150 dpi**.

## 7. Fonts

Fonts have to be converted to **file paths** in order to prevent problems with the depiction.

## 4. Bleed Difference/Trim

To have some margin during the cutting process please add **20 millimeters** of bleed difference/trim.

E.g.: 100cm x 200cm (Final format)  
104cm x 204cm (with bleed)
